Addendum to October Newsletter

My apologies this article missed the DFA October Newsletter

Hey! Everyone,

First, you have a new membership team. Your new Co-Membership Chairs are Carol Kaminsky and Kathy Thorndike. We are changing things up a bit this year with the Membership Directory. We would like to encourage our members to use the online directory to save on resources (e.g., postage, and associated printing costs).

Everything that is in the printed directory is on the DFA website. Some of the benefits of using the online directory are that it is always up to date, and you can sometimes learn more about the person you are looking up by reading their bio (if they completed one). No more thumbing through pages or looking for a misplaced directory. The online directory is always at your fingertips. Just log-in and go!

Go to https://www.desertfiberarts.org/ and log-in you can go directly to the directory, or if you click on "My Account", you can use the “Quick Query Directory” to find the member you are looking for. You can also search by fiber interests for a list of all members who share that interest. Under the DFA Document you can find the "Area of Expertise" that is usually listed in the back of the directory. This is a list of members who may be able to help you with a specific technique or question. (Each One Teach One.) We have tried to think of everything to help you find what you need on-line.

Directories will be printed upon request by contacting Carol or Kathy. When requesting a printed copy of the directory please allow a week for processing/printing. If you live in the Tri-Cities, you will be able to pick up your copy at the DFA studio. You will be notified when your copy is ready for pickup. If you live outside the Tri-Cities, your copy can be mailed to your home address. We are maintaining the one copy per household policy, at no expense to you.
